- ✓ We offer high quality and safe international experiences that deliver personal growth and help students become global citizens.
- ✓ Our programs are run by local teams who are best placed to understand the pressing needs of their community.
- ✓ All of our volunteer projects align with one or more of the UN Sustainable Development Goals.

- ✓ Volunteers are given a thorough country guide, an in-person orientation, and on-site training with a focus on health and safety.

Emergency and serious incident response

- ✓ Volunteers have 24/7 access to local staff who can provide access to necessary resources, including evacuation, in the event of a serious emergency or crisis.
- ✓ All incidents are reported within 24 hours; IVHQ Program Managers and senior staff can escalate support, as needed.
- ✓ Feedback from volunteers and local teams is continually reviewed and used to revise our approach to risk and emergency management.

Responsible volunteering policies

- ✓ Our responsible volunteering policies are in place to protect children, vulnerable adults, the environment, and welfare of animals.
- ✓ We connect volunteers with leaders who are best suited to identify the most pressing needs and ways to meaningfully get involved in their communities.
