# Summer School Overview

KING'S  
College  
LONDON

Around  
2000  
students each  
summer

- Classes taught by leading academics at King's
- Research-led teaching across our diverse range of modules
- 25+ Undergraduate Modules
- Bespoke programmes for partner institutions across the globe
- Academic sessions: Synchronous and asynchronous lectures, seminars, individual and group work, experiential learning
- Skill-building workshops and social events
- Located in the heart of London
- Typically, around 2000 students from over 60 countries

"Learning at Kings has been an incredible experience. The tutor's ability to create an informative and intriguing learning experience has been phenomenal."

Leonard, Law

# Our students

"I met (..) people from all over the world who shared my fascination for this subject."

Antonia, Law

"I gained information that I will carry with me throughout my life, and I am only more eager to apply and hopefully attend King's."

Gabriel, The Human Body

"Simply incredible!"

John, Business Management

- Any questions?
