Dear students,

I would like to offer you a warm welcome to the large family of Università Cattolica del Sacro Cuore. An Athenaeum that has trusted in young people for over a century. Father Gemelli, our founder, always repeated this with conviction in his speeches. I would like to recall this passage he spoke at the inauguration of the academic year of 1951/52: “I am convinced, and this is the school policy I follow, that young people should be trusted, helped, followed, understood”.

A trust, therefore, that commits us to providing you with a university experience that will accompany you into the future, contributing to your professional, cultural and personal development. This is why our educational offer, characterised by a high quality also in an international projection, has as its objective “to educate to a long and integral view”. Study paths that are characterised not only by the solidity of the content, but also by their innovativeness, so as to take into account the continuous social changes and the world of work. At the same time, they assign particular importance to interdisciplinary hybridisation. All this with the priority of caring for each freshman and enhancing his or her experience in beautiful, welcoming, functional and technologically advanced spaces.

Every day, in your training path, all of us teachers are called upon to transfer to each and every one of you technical skills, cutting edge themes and method, in the wake of a century-old tradition that is attentive to enhancing ethical aspects, developing critical thinking and caring for the relational dimension. But also, and above all, we are strongly oriented towards fostering an integral training of individuals in order to make the most of your talents. Attention to the person, the alliance between generations, the desire for innovation based on our roots are the fundamental components of an identity that Università Cattolica del Sacro Cuore intends to preserve and renew.

A distinctive feature of our understanding of the educating community lies in the contribution that each component offers to the life of the University, walking together. I would therefore like to thank the students who are already involved in university activities, also for the benefit of others, by making themselves available as tutors, representatives on bodies, members of peer and review committees, and student associations. My invitation is to undertake this journey with ever increasing and passionate participation, taking advantage of the many opportunities that Università Cattolica del Sacro Cuore offers - from internships to international and volunteer experiences - to enrich personal and cultural growth. Here, in fact, one comes first and foremost to study, but also to come face to face with reality, to forge lasting bonds, to imagine something that does not yet exist and of which, at the same time, one perceives the urgency and importance.

To make my closeness with all of you even stronger, I intend to provide a

space to receive and meet regularly with those of you who wish to have a moment of dialogue and confrontation, thus nurturing a relationship that is able to grasp and interpret your needs and proposals. A first tool for getting to know and appreciate your chosen University and Faculty is this guide, which brings together all the main information. The course programmes, together with many other news and communications on the University's initiatives, can instead be consulted on the website <https://milano.unicatt.it/facolta/scienze-bancarie-finanziarie-e-assicurative>.

I wish each and every student that their university journey will be full of enthusiasm and rich in satisfaction, urging all of you not to stop in the face of the commitment and effort required for the coming goals.

Be proud to be part of this great family that is Università Cattolica del Sacro Cuore and to help write its history!

Rector
(Elena Beccalli)

AIMS AND STRUCTURE OF UNIVERSITÀ CATTOLICA DEL SACRO CUORE

CHARACTER AND AIMS

The character and aims of Università Cattolica, which gained legal recognition through R.D. no.1661 on 2 October 1924, are set out in art. 1 of the Statute, approved by Rectoral Decree on 24 October 1996, the second paragraph of which reads as follows:

«Università Cattolica» is an academic community that contributes to the development of the studies, scientific research and preparation of young people for roles in research, teaching, public and private office and the liberal professions. Università Cattolica fulfils this role by providing appropriate higher education that is also informed by the principles of Christianity, respecting the autonomy proper to every form of knowledge, and according to the view that science should serve the human being and civil coexistence, in accordance with the principles of Catholic doctrine and consistently with the universal nature of Catholicism and its noble and specific demands of freedom».

The “Catholic” element in our name and loyalty to the Catholic Church represent, for Università Cattolica del Sacro Cuore, an indispensable condition and opportunity to take a scientifically rigorous and intellectually open approach both to research and teaching in all fields of knowledge and, in particular, with regard to the great questions of our time.

Scientific research is interpreted and experienced through its connection with anthropology and ethics, in the light of the Christian faith; this has allowed and continues to allow Università Cattolica to consolidate itself as a natural place for sincere dialogue and passionate engagement with all other cultures.

All those who freely wish and accept to be part of Università Cattolica must be aware of its scientific, formative and pedagogical aims, and be committed to respecting and enhancing them. To ensure that this awareness is also expressed through personal action, in a spirit of loyal collaboration between all members of the university, Università Cattolica approved its Code of Ethics in October 2013. The Code aims to embody both the “pride of belonging” and to reinforce certain values that - with reference also to the individuality of lecturers, students, technical-administrative and welfare staff - have been translated into a set of rules and guidelines which, in turn, have always characterised the work and conduct of those who work and study at our University. Compliance with the Code of Ethics, which may be consulted on the university website <https://www.unicatt.it/ateneo/universita-cattolica/codice-etico-e-modello-di-organizzazione--gestione-e-controllo.html>, is an essential part of Università Cattolica’s mission, prestige and reputation.

CURRENT COURSES OF STUDY

(Ministerial Decree n. 270/2004)

Undergraduate degree

The three-year undergraduate degree programmes are classified according to 45 ministerial classes, which group them according to common formative objectives. In addition to these, there are four categories relating to the health professions.

The aim of the degree programmes is to ensure adequate mastery of scientific method and knowledge and the acquisition of specific professional knowledge. Graduates can either make use of this qualification immediately, by entering the labour market, or continue their university career by enrolling on a Master's degree. Students require 180 ECTS to obtain the qualification.

Those who complete the undergraduate degree may use the academic title *Dottore*.

Master's Degree

Master's degree programmes are classified according to 101 ministerial categories, which group them according to common formative objectives. In addition to these, there are two categories related to the health professions.

The Master's degree programme, which lasts two years, aims to provide advanced training to prepare students for highly-qualified activities in specific areas.

Students require 120 ECTS to obtain the qualification. The university also offers integrated Master's degrees over five- or six-year courses. In such cases, 300/360 ECTS are required to obtain the qualification.

Those who obtain a Master's degree may use the academic qualification of "Dottore Magistrale".

Postgraduate programme

This is another means of furthering studies after the undergraduate degree (first-level) or after the Master's degree (second-level). A post-graduate programme lasts one year and includes participation in one or more internships with institutions or companies. In order to obtain the qualification, students must obtain 60 ECTS.

Specialization School

Specialisation Schools aim to provide students with the knowledge and skills required for roles involving particular professional careers and can only be set up through specific laws or directives of the European Union.

PhD

This pathway is designed especially for those wishing to pursue an academic career. Students must have already completed a Master's degree before embarking on these three or four additional years of study. Students who obtain a PhD may use the academic qualification of "Dottore di ricerca" (Doctor).

THE SUBJECT CLASSES

All degree programmes, including Master's degrees, are categorised according to a ministerial classification system which dictates the key characteristics of the educational offering. All universities have the right to integrate certain unique features into the classification system. As well as the denomination assigned by Università Cattolica to undergraduate and Master's degree programmes, it is thus important to consider the 'class' to which programmes pertain.

THE ECTS SYSTEM

ECTS are a unit of measure that indicates the amount of effort required of students to carry out learning activities, both in class and through individual study.

One ECTS corresponds to a total of 25 hours. As a rule, the average number of university ECTS required per year is 60.

ECTS do not replace exam marks.

Marks are a measure of academic performance, whilst credits reflect the achievement of a formative objective

ECONOMICS AND LAW

The Faculty of Economics and Law is located within two university campuses positioned in an area rich in culture and beauty, food, wine and music traditions. The Campuses are characterised by large green spaces, the presence of residential areas for student accommodation, and various leisure and socialising initiatives. The Cremona campus is housed in the city centre, in the prestigious premises of the Santa Monica Monastery, which underwent extensive and careful renovation.

The geographical origins and educational backgrounds of the students of the Faculty of Economics and Law are very diverse. This heterogeneity, besides representing a great cultural richness, constitutes a strong stimulus for comparison and exchange of experiences.

The values that inspire university life on Campus are those of seriousness and commitment to study, merit, teamwork, sharing, solidarity, comparison and passion for continuous self-improvement. In a few words, this is an environment where it is possible to meet one's deepest needs, at a crucial time in one's life, facilitating both study quality and interpersonal relations.

The Faculty offers distinct and autonomous degree programmes in Economics and Law, but it also provides some strongly interdisciplinary programmes. Students can choose their degree programme and customise their study plan with the aim of developing general and basic skills. They can also combine such skills with those that they will find more suited to their needs over time, but always within a wide range of choices that are highly demanded by the labour market.

The degree programmes and profiles in the economics sector aim to develop managerial and professional skills in the areas of administration, strategy, marketing and sales management, finance, human resources management and sustainability.

The degree programmes and profiles in the legal sector are structured in such a way as to offer qualified training for access to the legal professions and for entry into the world of businesses, institutions, international organisations and associations.

Curricular internship awarding credits (ECTS)

A register of students who may participate in curricular internships is established. The following are eligible to appear on the register

- students enrolled in the second year
 - * who have passed all the exams of the first year of the programme;
 - * who have acquired at least 70 credits (ECTS) on the date of submission of application for enrolment on the register;
- students enrolled in the third year
 - * who have passed all the exams of the first year of the programme;
 - * who have acquired at least 100 credits (ECTS) on the date of submission of application for enrolment on the register.

The application for enrolment on the register may be submitted to the Internship Tutor at any time of the year, along with certification proving the above-mentioned requirements (or possibly by self-certification if proper certification has not been acquired by the secretarial offices yet).

Registration is valid for one year. At the end of this period, students may re-register if they meet the requirements set out in the previous points relating to the programme year in which they are enrolled at the time of submitting the application.

The companies directly take care of the selection of candidates for the internship by choosing from those on the register. Relations between the offering companies and Università Cattolica del Sacro Cuore are governed by an agreement.

A student enrolled in the register may indicate the willingness of a particular company to accept his or her application for the internship. In this case, the company's offer will not be submitted to the other students enrolled in the register, but the School contact person will first check its eligibility.

The internship is a non-compulsory teaching method. Therefore, the School does not guarantee a number of internships equal to that requested annually by students.

The internship activity corresponds to 10 ECTS for the graduate degree in Business and Finance. These credits (ECTS) can only be identified in the

elective courses..

For credits to be recognised, the internship must meet the following minimum requirements:

- the internship must last at least 3 months;
- the student must agree with the supervising professor/lecturer, in collaboration with the internship coordinator - if appointed - on an educational plan for the internship itself, in cooperation with the company tutor;
- at the end of the internship the student must prepare a final report.

In the event that the proposed internship is carried out abroad, the registered student may request approval even if the duration is less than three months.

The supervising professor/lecturer determines eligibility by checking that the internship lasts no less than four weeks;

- the internship is carried out in a company with established reputation;
- the host company has adopted a public selection process, allowing access to anyone on a competitive basis;
- the host company operates in the banking, finance and insurance sector or is listed on regulated markets.

In the event that the internship lasts less than eight weeks, the number of credits (ECTS) recognised is equal to half of those awarded for internships lasting at least three months.

Curricular internships without the award of credits (ECTS)

All students regularly enrolled in degree programmes activated by the School may undertake a curricular internship without the award of credits. Information on the services offered by the University for the activation of an internship of this type may be requested from the Internship Tutor or the Internships & Placements Office (<https://studenticattolica.unicatt.it/home-stage-e-lavoro>).

THEOLOGY COURSES

Nature and aims

The Theology courses are unique to Università Cattolica. They aim to offer motivated, well-reasoned and organic knowledge of the contents of the Revelation and of Christian life, thereby furnishing students with a more complete education in the intelligence of the Catholic faith.

The mark achieved in the Theology exams forms an integral part of each student's curriculum and will be considered by the examining board in determining the overall mark for the degree

Degrees

Theology courses are part of the curricular study plan of the degree programmes for students enrolled at Università Cattolica.

Syllabi

For the first, second and third year of the programmes, there will be a single semester-long syllabus (12 weeks per year, three hours per week).

The subjects are:

Theology 1: *Fundamental questions: Christological faith and the Holy Scripture*

Theology 2: *Matters of theological anthropology and ecclesiology;*

Theology 3: *Theological questions of Christian ethics and morals.*

Students can choose their Theology course from their individual iCatt page by the deadline communicated on the same page. For students who do not enrol within this deadline, the university will proceed assigning them a lecturer.

UNIVERSITY LANGUAGE SERVICE (SELDA)

Through the University Language Service (SeLdA), Università Cattolica offers students from all Faculties the opportunity to verify or acquire the basic or advanced language skills required by their courses.

Didactic organisation of basic language courses

Students needing to acquire language skills through the University Language Service can take the language proficiency test during the most convenient sessions.

SeLdA offers French, English, Spanish and German language courses.

Lecture schedule for basic language courses

I semester: 9 September - 7 December 2024;

II semester: 3 February-10 May 2025

Proficiency Tests

Students will be assessed at the level of linguistic competence required by the deliberations of the individual Faculties. The French, Spanish and German language proficiency test consists of a computerised written part and an oral part. The SeLdA English language proficiency test consists of a computerised written part only.

The tests are valid within the university: depending on the deliberations of the Faculties, they generally replace the first language exam in the study plans, entitling students to the corresponding credits. For English only, students who have included a language course in the current academic year have the opportunity to take the proficiency test starting from the early summer session. Students who do not take or fail the proficiency test in the early session are invited to take a term course from the second term (February-May 2024).

Information on the format and structure of the exam can be found in the respective programmes on the SeLdA website

Business English

The University Language Service organises a six-month advanced course in Business English (level C1 of the Common European Framework of Reference). The aim of the course, which lasts 28 hours, is to consolidate and strengthen language skills in Business English with a focus on the financial sphere.

Didactic organisation of the “Italian for Foreign Students” (This is for foreign students only) course

SeLdA organises a 60 hours course in the Italian language.

The course aims to develop and improve receptive and acquired skills stated by Level B1 of the Common European Framework. Therefore, the student must be able to: understand the essential points of clear messages in standard language on familiar topics related to study, the world of work and leisure; face many situations that can be experienced while living and traveling in Italy and finally express himself/herself with clear and understandable pronunciation.

Lecture schedule

The Italian for Foreign Students course follows the SeLdA academic calendar.

Course syllabi

The syllabi of Foreign Language advanced courses can be consulted by accessing the following section of the Università Cattolica website:

<http://programmideicorsi-brescia.unicatt.it>.

Recognition of language certifications

Certain international language certificates are recognised as a substitute only for the proficiency test if presented to the SeLdA office within two years of the year of attainment, subject to verification of the language course in the current academic year’s study plan. A list of recognised certificates and the corresponding levels can be found on the SeLdA webpage: [servizio-linguistico-di-ateneo-selda-certificazioni-internazionali-riconosciute](#). For the academic year 2024-2025, certificates obtained from the year 2022¹ will be accepted.

Independent Learning Centre

This is an online language learning resource centre that offers materials and activities tailored to the needs and competences of its users for autonomous and continuous training. All resources are available through a dedicated Blackboard page.

In particular, the Centre offers students a **language consultancy service** to identify study objectives and draw up a personalised learning pathway, and **language coaching** to solve problems related to a specific language. Both services are available in presence and online.

¹ For certificates dated 2022, the deadline for submission is December 2024

To access the online resources, you need to add the “ Autoapprendimento “ course to your Blackboard courses.

CENTRE FOR INNOVATION IN EDUCATIONAL TECHNOLOGIES (ILAB)

The Centre for Innovation in Educational Technologies (ILAB) of the University promotes and implements initiatives and projects aimed at the enhancement and development of teaching technologies.

Among other things, the Centre is responsible for managing and supporting the use of Blackboard, the platform chosen by Università Cattolica as the main tool for managing online teaching, and promoting its more advanced use through ad hoc presentations and training initiatives.

In line with the University's educational objectives, ILAB provides courses in '**ICT and Information Society**' for the understanding of the main developments in technological innovation and the attainment of basic IT skills.

ADMINISTRATIVE PROVISIONS

ENROLMENT RULES

1. QUALIFICATIONS REQUIRED

Pursuant to Art. 6 of Ministerial Decree No. 270/2004, the following may enrol in the degree programmes opened at Università Cattolica:

- State upper secondary school graduates (five-year or four-year: final diplomas in education programmes of study).
- holders of a foreign degree, recognised as suitable for admission to Italian universities according to the provisions issued for each academic year by the Ministry of University and Research in agreement with the Ministries of Foreign Affairs and the Interior.

Contemporanea iscrizione all'università e a corsi di studio dell'alta formazione artistica e musicale (AFAM)

It is permitted to simultaneously enrol in two programmes of study at the same University or at different Italian or foreign Universities, or where one of the programmes is at a University and one at the Higher Institutes of Musical and Choral Studies, in compliance with the provisions of Law No. 33 of 12 April 2022 and subsequent ministerial implementing decrees.

The simultaneous enrolment in two programmes of study is allowed provided that the aforementioned programmes do not relate to the same ministerial degree class and that they differ in at least two-thirds of the educational activities in terms of academic teaching credits.

Students interested in concurrent enrolment are required to give prior notice to the Student Centre of the relevant campus using the appropriate forms.

2. MODALITIES

Students who intend to enrol for the first time at Università Cattolica (Milan, Brescia, Piacenza-Cremona) must first read the specific notices “Admission procedures” on the University website (www.unicatt.it).

The registration application must be completed and submitted online (the submission is necessary since the application, in some parts, must be manually completed and it is also necessary to acquire the handwritten signature of the student or parent, if the student is a minor) using the *Registration Portal*, available on the University website.

In addition to filling out the registration form, it will be necessary to pay the 1st instalment of the tuition fees and university contributions, and upload all of the required documentation:

Once registration has been completed, the University, in accordance with the procedures in force, will provide the Carta Ateneo badge.

When submitting their registration application, priests and other religious figures must submit the declaration by which the Bishop or Superiors authorise them to enrol in the University (written authorisation will be approved by the General Ecclesiastical Assistant of Università Cattolica or by a delegate).

Regarding the presentation of income documentation, the appropriate online procedure must be used, available in the *Registration Portal* or on the student's personal *iCatt* webpage.

A student who has been successfully enrolled for a year of university studies is not entitled to a refund of fees and contributions paid.

Registration on a part-time basis

Students who do not have full-time availability due to work, family, health or other justified personal reasons, may opt – at the time of registration or renewal of their current enrolment – for a study path that permits them to carry out 50% of the annual educational activities envisaged for the programme. Minor deviations can be determined by the competent Faculty Councils, taking into account the unique features of each programme of study.

A student who intends to register on a part-time basis must first express this intention, with justifications for their request, by filling in the appropriate form at the Student Centre of their campus.

This declaration of interest will be submitted to the competent educational bodies for approval and, once this is received, the student may submit a formal request for registration on a part-time basis.

All information relating to the modalities, timings and economic aspects can be found at the Student Centre of the respective campuses.

3. VERIFICATION OF THE INITIAL PREPARATION OF STUDENTS (VPI) – ADDITIONAL LEARNING OBLIGATIONS (OFA)

To better cope with their chosen university programmes, those who enrol in the first year of the degree programmes and single-cycle graduate degree programmes will be evaluated on their level of initial preparation; an exception is made for those who enrolled in programmes of study for which there are alternative ways of fulfilling the VPI or that provide for a specific admission test.

The VPI is a test on predefined subject areas (for example, knowledge of the Italian language and understanding of text and mathematics), diversified according to the chosen Faculty, covering the knowledge that is expected, irrespective of the diploma they obtained at their upper secondary school.

All information relating to the methods for taking the VPI for each study programme, as well as that relating to the OFA assigned to applicants who obtain an insufficient result on their VPI – which will, in any case, have to be covered by the end of the 1st year – are reported on the website www.unicatt.it as well as on the student's personal *iCatt*.

4. RULES FOR STUDENTS WITH FOREIGN QUALIFICATIONS

The admission of students holding foreign degrees is regulated by specific ministerial legislation, downloadable from the following link: <https://www.universitaly.it/studenti-stranieri>. Interested students are invited to request the relevant information from the International Admissions Office of each campus.

The specific admission procedure is available on the website:

<https://international.unicatt.it/>.

5. METHODS OF ADMISSION TO GRADUATE DEGREES

For admission to a graduate degree programme, one must have an undergraduate degree and meet certain curricular requirements (ECTS in specific scientific disciplinary sectors (SSD) and/or specific courses). For each degree programme, the admission procedures are established:

- *Chronological order with an interview or degree curriculum evaluation, if required:* the reservation of a place is done in chronological order, following payment of the first instalment of the university contributions, until all envisaged places are filled, and once any necessary interview or degree curriculum evaluation has been completed

- *Chronological order with a compulsory interview*: the reservation of a place is done in chronological order following an interview, once payment of the first instalment of the university contributions has been made, until all envisaged places are filled
- *Chronological order according to a minimum mark average*: the reservation of a place is done in chronological order, following payment of the first instalment of the university contributions, but is conditioned by certain curricular requirements
- *Grading by merit*: the reservation of a place is conditioned by a ranking drawn up on the basis of certain requirements
- *Admission test*: the reservation of a place occurs once an admission test has been passed.

Admission to some degree programmes may include more than one of the aforementioned modalities, therefore it is necessary to refer to the specific “Admission procedures” notices, available on the University website.

ADMINISTRATIVE PROCEDURES

COMPLIANCE WITH DEADLINES FOR ENROLMENT IN SUBSEQUENT YEARS

Subject to the following instructions, students who intend to enrol in the new academic year are required to make payment within the deadline indicated in the *General Regulations for the Determination of University Contributions* in force and usually reported on the iCatt personal webpage.

If payment has been made within the terms indicated, *the student will be automatically placed for the new academic year of the programme year (or as “fuori corso”, supplementary year student, i.e. students who have not managed to complete the scheduled exams in the time frame established by a given university programme) in the REGULAR position.* *If the student intends to vary the proposed enrolment (for example, from “fuori corso” (supplementary year student) to “ripetente” (repeat students, i.e. students who have not achieved the necessary credits to move on to the following year or who have expressly requested to be able to enrol in the previous year), or request to change to another degree programme) they must necessarily contact the Student Centre.*

If a student enrolls for a year subsequent to the first year and payment was made late, the student will be placed in the ‘in corso’ position, in debt for late payment (downloadable online from the student’s personal iCatt webpage). N.B. In case enrolment is renewed after the deadline for submission of the degree curriculum, an unalterable *ex-officio* degree curriculum will be assigned.

REPEAT STUDENTS

Students who have followed the programme of study, for which they are enrolled, for its entire duration without having enrolled in all the courses envisaged in the degree curriculum, or without having obtained the relevant attendance certificates where such attendance is expressly requested, must register as repeat students for the courses lacking enrolment or attendance.

Students who, despite having completed the normal duration of the programme of study, intend to modify their degree curriculum by adding new courses in which they have never enrolled, must register as repeat students.

Registration as a repeat student will only be allowed if the degree programme is still active. and in any case within the final deadline for the submission of the degree curriculum, in compliance with the deadlines set by the respective Faculties.

STUDENTS WHO HAVE NOT COMPLETED UNIVERSITY EXAMS WITHIN THE SET TIME PERIOD (“FUORI CORSO” (SUPPLEMENTARY YEAR STUDENT))

Students who have been enrolled and have attended all the courses required for the entire study programme are enrolled as “fuori corso” (supplementary year) students until they obtain their academic title, except in the case of alternative provisions set by the individual educational systems.

ENROLMENT IN A PROGRAMME/REPEAT PROGRAMME YEAR SUBSEQUENT TO THE FIRST YEAR

The enrolment procedure is digital. Students who wish to enrol as repeat students must submit the appropriate application form to the Student Centre of the relevant campus.

Any student already registered with Università Cattolica and regularly enrolled must pay the first instalment proposing enrolment in the new academic year and can download the *General Regulations for the Determination of University Contributions*.

In order to be enrolled in the following year, students must pay the first instalment: payment of the first instalment constitutes a definitive expression of willingness to enrol in the new academic year.

Updating of the computer database takes place as soon as the University receives news of the payment through the banking circuit. Therefore, it may take a few days after the payment before a student’s enrolment is registered for the academic year.

N.B. given that the payment of the first instalment immediately completes the

registration process, it is non-refundable under any circumstances – (Article 4, paragraph 8, Title I “General Rules” of the Teaching Regulations of Università Cattolica and Article 27 of the Student Regulations, approved by Royal Decree 4 June 1938, No. 1269).

Only one fulfilment remains to be met by students enrolled in degree programmes that are subject to income-dependant university contributions: they must present their income documentation using the online application on the student’s personal *iCatt* webpage, which is indicated in the *General Regulations for the Determination of University Contributions* in force and usually reported on the personal *iCatt* webpage. After this date, late payment is incurred for late delivery of administrative documents.

SUSPENSION OF STUDIES

Students have the right to suspend the studies undertaken in the cases provided for in the current rules and regulations. At the end of the suspension, students can resume the interrupted programme of study provided that the programme itself is still active.

TRANSFER AND WITHDRAWAL FROM STUDIES

Students have the right to transfer or withdraw from the studies undertaken with the obligation to pay any outstanding contributions at the time of submitting their application.

DEGREE CURRICULUM

The deadline for students to submit their individual degree curriculum is set within the deadlines published on the website. For delays falling within seven days of the deadline, the degree curriculum may be submitted upon payment of the expected late payment fee (for the amount see “Secretariat Fees, Late Payments and Reimbursements of Miscellaneous Expenses” in the *General Regulations for the Determination of University Contributions*). In the event of a longer delay, an unmodifiable degree curriculum will be assigned..

EXAMINATIONS

Generals Rules

Students are required to know the rules relating to the degree curriculum of their degree programme and are, therefore, responsible for cancellation of any exams taken in violation of said rules.

In order to avoid the cancellation of exams taken, students are reminded that the prepared order of exams set between the individual years of a multi-year

course or between the preparatory and the advanced or higher exam, is rigid and compulsory.

Any infringement of the exam provisions will result in the cancellation of the examination. The cancelled exam must be repeated.

The mark assigned by the examining committee, once recorded, cannot be subsequently modified: the mark is final, unless expressly waived by the student. A recorded examination with a pass mark cannot be repeated (pursuant to Art. 6 paragraph 6, Title I “General Rules” of the University Teaching Regulations). Students are only allowed to take the examinations if they have: a) presented their degree curriculum; b) paid the contributions; and c) registered for the exams in the manner indicated below.

How to Register for Exams

Registration takes place online via the student’s personal iCatt webpage and must be made no later than the fourth calendar day preceding the exam date.

Simultaneous registration for the same exam on several exam dates is not allowed.

A registration may be cancelled until the day before the first day of the exam date.

Transferring the registration for an exam from one exam date to a later date can only take place once registration in the exam date one intends to abandon has been cancelled.

If the deadline for registering for an exam date has passed, it is no longer possible to cancel any registrations made and one must wait till the day after the expired exam date before registering for the next one.

N.B.: The following students will not be allowed to sit the exam:

- those who have failed to register for the exam date within the deadline;
- those who, despite registering for the exam date, did not sit the exam with a university badge and a valid identity document;
- those who have not regularised their administrative position.

FINAL EXAM FOR THE AWARDING OF A DEGREE

The didactic system of each degree programme offers several possible ways to take the graduation exam. The competent teaching structure defines the method to be adopted for each programme of study (see in this regard the indications on the webpages of the University website and those contained in the Faculty Guide).

The procedure remains currently similar to that described for graduate degree programmes *with the following differences:*

1. it is a paper on a topic normally agreed with a lecturer of reference;
2. the commitment required for this paper is lower than that required for a traditional degree thesis (*the commitment is proportional to the number of university credits attributed to the final exam in the educational system of one's degree programme*). Consequently, the document will have a limited extension;
3. the subject title of the final paper must be obtained according to the procedures established by the Faculty Council (direct assignment by the lecturer, acquisition through the thesis desk in one of the various forms available, or other) in time for the development and completion of the paper within the deadline set for submitting an application to take the final exam for the awarding of the degree. This deadline will be published on the webpage of each Faculty for each reference session;
4. The application to take the final exam for the awarding of the degree must be submitted no less than 45 days from the beginning of the chosen session. The aforementioned application may be submitted provided that the outstanding number of exams and/or credits is not greater than that established by each Faculty;
5. 5. the final paper, in pdf format, must be sent to the lecturer of reference via the personal *iCatt* webpage in the section "Online Secretariat – Final Exam – Send Final Exam" according to the methods and deadlines provided and published on the webpage of each Faculty. The deadline for uploading the document cannot be extended. The lecturer of reference may request a hard copy.

FINAL EXAM FOR THE AWARDING OF A GRADUATE DEGREE

The final exam for the awarding of the graduate degree involves the development and discussion of a written dissertation carried out on a subject previously agreed upon with the subject professor.

To be admitted to the final exam, students must fulfil the following requirements in order:

- a. a. choose and present a topic verifying the expected curricular/temporal requirements;
 - b. b. submit the application for admission to the final exam by verifying the expected curricular/temporal requirements;
 - c. c. deliver the final paper.
1. 1. In order to present *the topic of their degree thesis*, students must respect:
 - the deadlines for submission;
 - the curricular requirements

2. The subject of the final exam must be related to a course included in the degree curriculum, and the title must be agreed with the lecturer of reference. To obtain approval for the subject, it is necessary to contact the lecturer, in the manner provided for by each Faculty. The subject must then be inserted into the personal iCatt webpage (Online Secretariat – Final Exam) within the deadline indicated in the section “Four-year and Graduate Degree Exam Dates” on the University Internet pages.

Any delay will result in the thesis being postponed to the next exam date.

3. In order to submit *an application for admission to the final examination*, the following must be complied with:
 - the deadlines for submission;
 - the curricular requirements
4. To submit the application for admission to the final exam it is necessary to follow the procedures provided for by each Faculty and published on their webpages.

Any changes to the title of the final paper, approved by the lecturer, must be made at the time the application is submitted. The title that is submitted must, therefore, be definitive since no changes can be accepted.

5. Students will be invited to take the final exam exclusively through their personal *iCatt* webpage, in good time and certainly no later than the tenth day prior to the graduation date.

Notes

1. No graduating student may be admitted to the graduation exam if they have not complied with the deadline dates published on the webpage of each Faculty.
2. *Graduating students must have taken and recorded all exams at least one week before the start of the graduation session.*
3. Graduating students are obliged to promptly notify their thesis supervisor if, for any reason, they are unable to graduate on the exam date for which they have applied, and, in such cases, must subsequently resubmit a new application for admission to the graduation exam.
4. This information must also be sent to the Student Centre, by filling in the appropriate “Information Request” form from the student’s personal *iCatt* webpage.

GRADUATION EXAMS RELATING TO PROGRAMMES PRIOR TO THE ENTRY INTO FORCE OF MINISTERIAL DECREE NO. 509 OF 3 NOVEMBER 1999

The procedure is substantially similar to that described for the final exam for the awarding of a graduate degree, unless different instructions are published in the Faculty Guide. For the graduation exams of the four-year/five-year programmes too, prior to the regulation referred to in Ministerial Decree 509/99, application for admission to the final exam may be submitted provided that the number of outstanding exams is not higher than that established by each Faculty.

LOSS OF STUDENT STATUS BY THOSE ENROLLED IN A STUDY PROGRAMME FOLLOWING THE UNIVERSITY REFORM PURSUANT TO MINISTERIAL DECREE 509/1999

Students who have not regularly enrolled for five consecutive academic years or students who, after the normal duration of their study programme, have not passed exams for five consecutive academic years, may not enrol in a new academic year and, therefore, **lose their student status**. The aforementioned provision does not apply to students who only have to take the graduation exam or who have obtained all the credits except those covered in the final exam.

Students who, despite having passed all the exams in their degree curriculum, have not renewed their enrolment for at least 5 consecutive academic years, are exclusively outstanding on their final paper or thesis, yet complete their studies within the academic year 2024/2025, are required to make, at the same time and no later than 31 December 2024, the following payments:
