Wednesday 18 th september 2024	10.30-12.30	CHEMISTRY
Thursday 19 th september 2024	10.30-12.30	CHEMISTRY

HOW TO ACCESS THE OFA COURSE:

You will be able to consult the course material by accessing your iCatt page:

- select the item "Blackboard courses"
- click on the link of the course of interest

Attention: registration in the "OFA in Blackboard" course will take place automatically, you are not required to register, and in any case the system will not allow you to do so. Please note that the system will carry out the registrations for all those who are required to take the OFA up to the day before the start of the OFA course. Once this deadline has been reached, the system will no longer register in the course for the specific session and the interested students will necessarily shift to the next OFA course, to which they will always be enrolled automatically by the system.

FINAL TEST DATES TO COMPLETE THE OFA :

- BIOLOGY 10/10/2024 at 17.30 room Y
- GENERAL CHEMISTRY 16/10/2024 at 16.30 room S. FRANCESCO
- PHYSICS 07/10/2024 at 16.30 room Y

You will have to register independently for the Final Test through the usual registration functionality for exam sessions present in iCatt within a two-week time frame within, and no later than, four days prior to the date of the Final Test ending above.

In case you want to give up taking the Final Test and postpone it to the end of a subsequent OFA course edition, you will have to autonomously cancel the registration within the day before the date of the Final Test itself.
