HOUSING:

Housing Application and Deadline	<ul style="list-style-type: none"> Students will rank housing preferences as part of the online application, not a separate application procedure. The housing deadline is the same as the general application deadline.
---	--

	<ul style="list-style-type: none"> Housing placement for exchange students is facilitated by the Office of International Education using student preference responses submitted in the online application.
Housing Options	<p>Students will live in the global village, Residence Halls, or off-campus housing. While Marquette does its best to accommodate housing requests, based on the number of student applicants and capacity, we cannot guarantee placement in the first-choice housing.</p> <p>Global Village Global Village (Campus Town Apartments) is a very convenient place to live while studying at Marquette University. These are fully furnished, and heating and water utilities are included in the rental fee. Apartments contain two bedrooms. Each bedroom is shared by two students. Students live with Marquette Students and other international exchange students. Undergraduate students are given preference for global village. Due to capacity limitations, it is more likely students would be placed in the Global village for the spring semester. During fall semester, Global Village often reaches capacity. More information can be found here: Global Village // Office of Residence Life // Marquette University</p> <p>Residence Halls Residence hall living is another option at Marquette. There are many residence halls available with a range of amenities. All students living in residence halls are required to have a meal plan. It is preferred that only students 20 years of age or younger, who are within their first two years of study at the University level, choose to live in a residence hall. More information can be found here: https://www.marquette.edu/residence-life/residence-halls.php</p> <p>Off-campus Housing If students are not placed in on-campus housing, Marquette will assist in finding off-campus accommodation. While referred to as "off-campus," many of these housing options are located on Marquette's campus or within a very short walking distance. More information can be found here: https://www.marquette.edu/offcampus/</p>
