All courses in English

BSc programmes

- › Advanced Biobased and Bioinspired Materials
- › Architecture
- › Biomedical Engineering and Technologies
- › Business, Society and Technology
- › Business Studies
- › Computer Science
- › Electronic and Telecommunication Engineering
- › Industrial Biotechnology
- › Information Technology
- › Mathematical Methods in Data Analysis
- › Mechanical Engineering
- › Modelling and Data Science

MSc programmes

- › Applied Electronics
- › Architecture
- › Computer Science and Information Technology
- › Design
- › Energy Systems in the Built Environment
- › Future Mobility
- › Human-Computer Interaction
- › Industrial Biotechnology
- › Master in Mechanical Engineering
- › Master of Business Studies
- › Smart Manufacturing
- › Textile Engineering

the European Union

Additional

European Project Semester

- Students work in international and interdisciplinary teams of 3–6 students on their projects.
 - Projects are done in cooperation with commercial businesses and industries or with research centers.
- Final Project
 - Textile / Design Project
 - Research & Development Project
 - Basic Polish
 - English in Action
 - Sports: volleyball, football, basketball, judo

ECIU Learning Opportunities

engage.eciu.eu

Challenges

Challenges are learning opportunities that engage diverse teams to solve real-life problems using a novel and practical method of challenge-based learning (CBL).

Micro-modules

Micro-modules are short learning opportunities that support learners to fill their knowledge gaps and boost their capabilities to successfully engage in ECIU University challenges. Learners can take micro-modules together with challenges or create their own learning path.
